Supportive of latest MSA Regulations

warehouse

entire warehouse lifecycle

Our simplistic, yet feature rich Warehouse solution pairs seamlessly with our retail offering and is also available as a standalone application. It features: Price Lists, Inventory Controls, MSA Reporting, Wireless Handheld Picking/Verification, Full EDI support, Location Based Pricing and a Cash-n-Carry Interface.

We have applied our years of experience and expertise to our Warehouse module where we continue to be the industry leader.

price lists

- | Price Lists are pricing exceptions that are assigned to product lines for account groups
- | Supports tax % + margin % pricing
