It's update time!

FasTrax product updates bring you feature enhancements as well as performance optimizations.

Updates will automatically be performed at 12 AM on Monday, September 29th & Monday, October 6th. Please ensure computers are not shutdown during these times/dates.

If you have any questions about the update process or details of the package, please contact technical support at 256|319-3470 or by email at support@fastraxpos.com. You can also visit [Product News](#) for more details.

What's included?

UPC Aliases

- Mass Update control
- UPC Search filter added to Item Details
- UPC Alias support added to handheld suite

Pricing Exceptions

- Mass add stores

Vendor Part Kits

- Kits now processed correctly in Receiving worksheet

Database Maintenance

- Clear Sales data using Settings utility
- Clear Snapshot data using Settings utility
- Rebuild indexes using Settings utility
- Shrink databases using Settings utility
